B.24	Material change:	There has been no material adverse change in the financial position or prospects of the Issuer since 30 June 2014 (the date of its last published audited financial statements).																												
B.25	Secured assets:	<p>Under the Programme, the Issuer will, from time to time, issue Notes in Series and will use the proceeds to advance loans (each a "Borrower Loan" and, together, the "Borrower Loans") to borrowers (each a "Borrower" and, together, the "Borrowers") meeting strict eligibility criteria, pursuant to the terms of a loan agreement (each, a "Borrower Loan Agreement" and, together, the "Borrower Loan Agreements").</p> <p>The Issuer will create separate Series of Notes from time to time for Notes to be issued with varying terms and interest rates. Following the relevant Issue Date of Notes, the Issuer will enter into Borrower Loans in an aggregate principal amount equal to the amount set out in the Final Terms for such Series. Such amount will equal the Aggregate Nominal Amount of Notes being issued pursuant to such Series less certain costs and expenses and an amount which the Issuer determines is required to be kept in cash or cash equivalents for liquidity purposes.</p> <p>The Borrower Loans will broadly fall into three categories: (a) secured loans to individuals and companies; (b) bridging loans; and (c) loans to property developers and construction companies for the purpose of property development or major refurbishment works. In addition, the Issuer will make loans to companies or individuals for commercial purposes where appropriate tangible security is available which is in line with the lending criteria of the Credit Committee from time to time. This security may take the form of tangible commercial or residential property but other security types will be considered including receivables, stock and work-in-progress, chattels, insurance contracts, securities and similar assets where appropriate security is available in line with the credit policy of the Issuer.</p> <p>There will, over the course of the Programme, be more than 5 Borrowers and the principal amount of each Borrower Loan will not account for more than 20% of the aggregate principal amount of all Borrower Loans outstanding. Each Borrower Loan Agreement will be governed by English law. Payments under each Borrower Loan Agreement will be collected by the Issuer per Series of Notes.</p> <p>Under a deed of charge to be entered into between a Borrower, the Issuer and Wellesley Security Trustees Limited (the "Borrower Security Trustee") (each a "Borrower Deed of Charge"), the obligations of each Borrower in respect of a Borrower Loan will be secured in favour of the Borrower Security Trustee by fixed and floating charges over the property, undertaking and assets of the Borrower (the "Borrower Security").</p> <p>Wellesley Security Trustees Limited is a company incorporated in England and Wales with company number 8738060. It is owned by the same private shareholders as Wellesley Group (UK) Limited. The Borrower Security Trustee will hold the benefit of each Borrower Deed of Charge on trust for the Issuer and, where a portion of the applicable Borrower Loan Agreement has been assigned in the manner described above, Wellesley pursuant to a security trust agreement between the Issuer, Wellesley (as defined below) and the Borrower Security Trustee (the "Security Trust Agreement").</p> <p>The Security Trust Agreement provides that the Borrower Security Trustee holds the benefit of the proceeds of enforcement of any Borrower Deed of Charge first to meet the liabilities of the Borrower Security Trustee and, second, to discharge the obligations due to the Issuer and, where applicable, Wellesley on a pari passu basis.</p> <p>Each Borrower Deed of Charge will contain customary representations and warranties from the Borrower to the Borrower Security Trustee, including, without limitation, representations and warranties as to the ownership by the Borrower of its assets, that such assets are free from other security, that there are no adverse claims against such assets, that the Borrower has complied with all relevant laws in respect of those assets and that the security being granted under the Borrower Deed of charge is enforceable.</p>																												

		<p>Under a deed of charge to be dated on or about the date of the Base Prospectus between the Issuer and U.S. Bank Trustees Limited (the "Trustee") (the "Issuer Deed of Charge"), the obligations of the Issuer under the Notes will be secured in favour of the Trustee (for the benefit of the Noteholders and certain other secured creditors of the Issuer (the "Issuer Secured Creditors") by fixed first priority security over the Issuer Collateral Account and all of its rights in respect of the Borrower Loans and the Borrower Security (the "Issuer Security").</p> <p>The Issuer Security will secure all Notes issued by the Issuer from time to time. The proceeds of any issuance of Notes by the Issuer will either be held by the Issuer in the Issuer Collateral Account (see below) or be lent to a Borrower pursuant to a Borrower Loan Agreement. By granting the Issuer Security to the Trustee for the benefit of the Issuer Secured Creditors, the rights of the Noteholders and the other Issuer Secured Creditors to the Issuer Security rank first in priority to other creditors in the event of a default or an insolvency or insolvency related event of the Issuer.</p> <p>The Issuer will maintain a sterling currency account opened with the Account Bank (the "Issuer Collateral Account") into which the net proceeds of any issuance of Notes will be deposited pending the granting of a Borrower Loan to a Borrower pursuant to a Borrower Loan Agreement. The Issuer Collateral Account will be secured by a first fixed charge in favour of the Trustee pursuant to the Deed of Charge.</p> <p>Each Borrower Loan must satisfy the following "Borrower Loan Eligibility Criteria" so that each Borrower Loan will have the characteristics and capacity to produce funds to service the payments due under the Notes:</p> <ul style="list-style-type: none"> (a) it is an obligation that is secured by assets of the obligor or guarantor thereof (if and to the extent security over such assets is permissible under applicable law (save in the case of assets so numerous or diverse that the failure to take such security is consistent with reasonable secured lending practices) and such security is granted under English law or the law of the jurisdiction where that asset is located (a "Secured Loan") as of the Issue Date (as per the relevant Final Terms); (b) it is denominated in either Sterling, Euro or United States Dollars; (c) it is an obligation of a borrower or borrowers having, in the case of an individual, their primary residence and, in the case of a company or partnership, their registered office address and principal place of business, in the United Kingdom or any jurisdiction of the European Union; (d) it is an obligation in respect of which (i) payments will not be subject to withholding tax imposed by any jurisdiction including where this is pursuant to the operation of an applicable tax treaty subject to the completeness of any procedural formalities or (ii) the obligor is required to make "gross-up" payments to the Issuer that cover the full amount of any such withholding on an after-tax basis; (e) it is an obligation that pays or compounds interest no less frequently than annually at a rate which, when aggregated with all other Borrower Loans on a rolling 12 month basis, produces funds to the Issuer sufficient to service any payments due and payable on the Notes; (f) it is not an obligation in respect of which interest payments are scheduled to decrease; (g) it is not convertible into equity; (h) it is an obligation which has a loan to value ratio in relation to the principal amount of the Borrower Loan equal to or below ninety (90) per cent. and where that Borrower Loan is secured against real property, a valuation report has been provided setting out both the valuation of the property and cash flow/income streams; (i) it will not result in the imposition of stamp duty or stamp duty reserve tax payable by the Issuer; (j) it must require the consent of the Issuer to the Borrower thereunder for any change in the principal repayment profile or interest applicable on such obligation, for the avoidance of doubt, excluding any changes originally envisaged in the loan documentation; (k) it is capable of being, and will be, the subject of a security interest in favour of the Borrower Security Trustee; (l) it will not result in the imposition of any present or future, actual or contingent, monetary liabilities or obligations of the Issuer other than those (i) which may arise at its option; or (ii) which are fully secured; or (iii) which are subject to limited recourse provisions; or (iv) which may arise as a result of an undertaking to participate in a financial restructuring of a Secured Loan where such undertaking is contingent upon the redemption in full of such Secured Loan on or before the time by which the Issuer is obliged to enter into the restructured Secured Loan and where the restructured Secured Loan satisfies the Borrower Loan Eligibility Criteria; and (m) it has a maturity that is not later than the latest Maturity Date of all Notes outstanding.

B.29	Funds flow:	The proceeds from each issuance of Notes under the Programme will be advanced by the Issuer to Borrowers pursuant to Borrower Loan Agreements entered into by the Issuer and the Borrowers. Payments to be made under the Borrower Loan Agreements will be collected by the Issuer and used by the Issuer for servicing the payments due under the Notes to the Noteholders.
